Professional Summary

Computer Science Engineering undergraduate with internship and project experience in Java Full Stack Development. Skilled in Java, Hibernate, JDBC, Servlets, REST APIs, SQL, HTML, and CSS. Strong foundation in OOP, Data Structures, and DBMS with a passion for building scalable web applications.

Education

Shree Devi Institute of Technology — Mangalore, India
Bachelor of Engineering in Computer Science — CGPA: 8.36 — *Nov. 2022 – Oct. 2026*

Experience

Tap Academy — Bangalore, India
Java Full Stack Web Development Intern — *Jan. 2026 – Present*

- Developing full stack web applications using Java, HTML, CSS, and SQL.
- Implemented backend functionality using JDBC and handled database operations.
- Designed responsive user interfaces and integrated them with server-side logic.
- Applied object-oriented programming concepts to build scalable applications.
- Used Git for version control and project management.

Technical Skills

- **Languages:** Java, SQL
- **Frontend:** HTML, CSS
- **Backend:** JDBC, Hibernate, Servlets, REST APIs
- **Database:** MySQL
- **Concepts:** Object-Oriented Programming, Data Structures
- **Developer Tools:** Git, GitHub

Projects

E-Commerce Web Application | ***Java, JDBC, MySQL, HTML, CSS*** — *Feb. 2026 – Apr. 2026*

- Developed a full stack e-commerce platform with product listing, cart, and order management.
- Implemented backend logic using Java and JDBC with MySQL database integration.
- Built features like user authentication, add to cart, checkout, and order tracking.

Offline-First Emergency Communication System | ***Java, MySQL, HTML, CSS, JavaScript***
Apr. 2026 – May. 2026

- Developed a full stack emergency communication and monitoring system with real-time alert handling and live GPS location tracking.
- Implemented offline-first functionality using localStorage with automatic synchronization when internet connectivity is restored.
- Built features including emergency image upload, interactive Leaflet maps, analytics dashboard, fullscreen map view, dark mode UI, and emergency status management.

Courses and Certificates

- **Google AI Essentials (Coursera):** Learned core AI concepts including machine learning fundamentals, responsible AI, and practical AI applications.
- **SQL Certification (Simplilearn):** Completed training in SQL covering DDL, DML, Joins, Aggregate Functions, Subqueries, Views, Indexes, and Database Operations.

Achievements

- Awarded Rajyapuraskara (State Award) in Bharat Scouts and Guides for leadership, discipline, and social service.
- Secured 2nd place in an inter-college technical event and successfully organized a college-level tech event.
